

# Public Testimony

## Sample Testimony

### **I. Introduction:**

Good Evening members of the \_\_\_\_\_ . My name is \_\_\_\_\_ and I am here to speak about \_\_\_\_\_ and give you some recommendations.

### **II. Tell your personal story about how you will be impacted by the problem you're addressing...(i.e. business, family, energy, fishing, birding, health, etc.)**

---

---

---

---

### **If you don't have a story, cite a fact about the dangers of the problem**

---

---

---

### **III. Make a suggestion to address your concern**

(i.e. If your concern is greenhouse gas emissions you could say "One way to address our greenhouse gas emissions is to invest in renewable energy and make offer incentives for power generation facilities using renewable energy.")

---

---

---

---

### **IV. Conclusion**

(Restate your point, stay positive and THANK the folks listening)

In conclusion, I am concerned about (insert problem) and would like to see this Committee (do whatever you suggested)

---

---

---

***Thank you very much for all of your hard work and thank you for giving me the opportunity to speak today.***
